MN2 			 PASSER TIL: MAC2/2U

MN Spormøtrikker til let og stabil montering af MAC/MAC U løftesøjler. Spormøtrikkerne er designet til en sikker fastgørelse af sarg, indbygning eller montering af MAC/MAC U løftesøjler i en konstruktion.

De trapez-formede spormøtrikker passer ind i sporene på MAC/MAC U løftesøjlerne. Materiale: Hård aluminium-legering. Option: Rustfri stål. På hjemmesiden finder du 3D-tegninger (STEP-filer) og datablade.
